The Engine, as to Finish and STRENGTH, PERFORMANCE and DURABILITY, is inferior to none in the State of the same class made here or elsewhere. The Mills run with a smoothness and speed truly astonishing. In ordinary sawing we cut in a common sized log, 1 foot, in 3% seconds or 16 feet per minute. We have run, however, through an 18 feet log in 32 seconds or at the rate of 33 feet per minute, by running to the top speed we fully believe we can cut 40 feet per minute. The only objection we have heard urged is, it takes too many hands to haul up logs and carry away lumber. Yours, &c.,

There is a splendid line of Steamers plying regularly between New York and Philadelphia, daily at 5 o'clock, P. M., and their freight from Philadelphia to New York is very low. The Steamers leaving Philadelphia on Tuesday and Friday connect with Parisen & King's Express for the South from New York Wednesday and Saturday. Mcrchants ordering their goods, from Philadelphia, to care of Parisen & King's Express, New York, will find this a much quicker way to get their goods, and at one-half of the cost.

EGGERT & CO., MANUFACTURERS OF GRAND, SQUARE AND UPRIGHT PIANO-FORTES, No. 282, PRATT STREET, BALTIMORE.—The Subscribers respectfully call the attention of the public to their Grand, Square and Upright Pianos, of 634, 634, 7 and 734 octaves, for which the Maryland Institute, for the promotion of Mechanic Arts, has awarded the first premium ever awarded by that institute for improvement in Grand and Square Pianos. These Pianos are in large sized, highly finished cases of Rosewood, WITH ENTIRE IRON FRAME, constructed in the most substan-

tial manner, with all the modern improvements.

The manufacturers use none but the very best seasone timber, and materials of the choicest qualities, that enable them to warrant their instruments to stand any climate. The Firm has a Patent Right action, operating on such principles that friction is almost entirely relieved or avoided, and their piano can therefore never get out of order.

For chasteness of design, elegance of finish, as well as for fullness, richness, and beauty of tone, these Pianos rank foremost, and are equal to any made here or in Europe.

Wherever these Pianos have been introduced, they have

ven, in every instance, entire sarisfaction. We warrant our instruments to stand good for five years under careful treatment, and will receive them back and substitute others, any time within the first six months from the sale of it, if it shall not prove satisfactory.
